MODERN SLAVERY STATEMENT – 2021

In accordance with the *Modern Slavery Act* 2018, this statement outlines the steps that BKM Australia has taken, and is continuing to take, to assess and reduce risks of modern slavery within our business and our supply chain, and our plans for review and improvement.

INTRODUCTION

Modern slavery is a crime and a violation of fundamental human rights.

It takes various forms, such as slavery, servitude, forced and compulsory labour and human trafficking, all of which have in common the deprivation of a person's liberty by another to exploit them for personal or commercial gain.

BKM Australia recognises that it has a responsibility under the Modern Slavery Act to take a strong approach to reject any forms of modern slavery and human trafficking.

We are committed to promoting ethical business practices and policies that protect workers from being abused and exploited, both in our own business and our supply chain.

BKM Australia is committed to limiting the risk of modern slavery occurring in our business, ensuring there is transparency in our business and in our approach to tackling modern slavery throughout our supply chain.

We expect our employees and our suppliers to share our commitment to help ensure modern slavery does not exist in our business and our supply chain.
